If a matter does not conclude for any reason, we are entitled to charge for the work already carried out. Such work will be charged at our standard hourly rates (see our current rate table below) unless otherwise agreed. This applies even where a fixed fee was initially agreed for the whole matter.

All fees quoted are exclusive of VAT. VAT will be added to your bill at the prevailing rate (currently 20%) unless the matter is exempt or outside the scope of UK VAT.

3. Hourly Rates and Additional Work

Where a case falls outside the scope of a fixed fee, or additional work becomes necessary, our standard hourly rates apply as follows:

Grade	Description	Hourly Rate (plus VAT)
A	Solicitors and Legal Executives with over 8 years' experience	£330
B	Solicitors and Legal Executives with over 4 years' experience	£275
C	Other Solicitors, Legal Executives or Fee Earners of equivalent experience	£225
D	Trainee Solicitors, Paralegals and other Fee Earners	£155

If your matter becomes more complex or additional work is required outside the agreed fixed fee, this will be charged at our standard hourly rates (as above). We will inform you of any additional charges where possible. However, in some circumstances, it may be necessary to carry out further work without prior agreement, for example, to protect your legal position or respond to urgent developments. By continuing to instruct us after being informed, you agree that such additional charges may apply.

4. Scope of Services

The scope of work covered by our fixed fees corresponds with the 'Scope of Work' section contained in your Client Care Letter (CCL). In most immigration applications, our service includes:

1. Reviewing your personal and immigration history;
2. Advising you on your eligibility for the relevant application;
3. Assessing the supporting documents you intend to rely upon;
4. Preparing and submitting your application to UK Visas and Immigration (UKVI);
5. Booking your biometric appointment (if applicable); and
6. Liaising with UKVI up to the point a decision is made (which includes up to two follow-up letters to the UKVI).

Any work not expressly listed above or in your CCL is outside the agreed fixed-fee scope and will be charged as additional work under our hourly rates (see section 5).

5. Disbursements

Even where our charges are fixed, we would usually expect to incur certain expenses on your behalf (Disbursements) which we will also add to your bill. The amount of expenses can vary.

We cannot give an exact figure for expenses we will incur on your behalf, but we will seek your instructions and approval on the charges before incurring such expenses.

These typically include:

- Home Office application or visa fees;
- Home Office priority service fees;
- Home Office appointment fee;
- Home Office scanning service fee;
- Immigration Health Surcharge (IHS);
- Translation or interpreter costs;
- Courier, postage, or copying charges;
- Barrister fees (where required); and
- Expert fee (Country expert, medical expert or other Expert for preparing their reports and attendance).

We will always confirm the likely amount of any disbursement and obtain your approval before incurring it. VAT may be payable on some disbursements depending on the supplier and nature of the service.

6. Key Stages and Timescales

Our Preparation Times

Once you provide all required supporting documents and information, we will usually prepare and submit your application within 10 to 15 working days. This timeframe may vary depending on the complexity of the matter, your availability to provide further information, or the need to address issues that arise during preparation. If the timescale changes, we will notify you promptly.

Decision Times (UKVI / Tribunal / Courts)

The time it takes the Home Office (UKVI), the Immigration Tribunal, or the Courts to make a decision is outside our control. Processing times vary depending on the type of application, the complexity of the case, the availability of caseworkers or judges, and current Home Office or Tribunal backlogs.

We do not provide specific guarantees or representations about how long an external decision will take. Any published UKVI or Tribunal timeframes are indicative only and subject to change.

7. Recovery of Costs and Refunds

Where legal costs are recovered from a third party (for example, in appeal or judicial review proceedings or otherwise), those costs are payable to First Law Solicitors and retained by the firm. Fixed fees are discounted and non-refundable once substantive work has commenced, in accordance with our Fee Agreement and Terms and business.

8. Costs you may have to pay another party

In some immigration matters, including appeals before the First-tier Tribunal or Upper Tribunal, judicial review proceedings, and civil penalty or illegal working enforcement cases, the Tribunal or Court may order one party to pay some or all of the other party's legal costs.

Such orders are not automatic and are generally made only where a party has acted unreasonably, failed to comply with directions, withdrawn late, or caused unnecessary expense. Costs decisions are entirely at the discretion of the Tribunal or Court.

If your matter involves a process where costs orders may arise, we will advise you about:

- when you may be ordered to pay the Home Office's or another party's costs,
- when you may be able to recover costs from the Home Office or another party, and
- how any such order interacts with our own professional fees.

Your Responsibility for These Costs

If a Tribunal, Court, or the Home Office orders you to pay costs, you will be personally responsible for paying those costs in full. These costs are separate from, and in addition to, our professional fees and disbursements.

You remain responsible for paying our professional fees in accordance with our Terms and Conditions regardless of whether you win or lose your appeal, judicial review, or civil penalty matter, and regardless of any external costs order made.

If a potential costs risk arises, we will advise you as soon as reasonably possible. Some costs risks may arise unexpectedly or as a result of directions made by the Tribunal or Court, and advance notice may not always be possible.

9. **Success Fees and Outcome-Based Fees**

For certain limited immigration matters, such as fee waiver applications, complex or exceptional circumstances cases, and applications that require substantial work outside the Immigration Rules, we may agree a success fee or outcome-based fee structure.

This is not a Conditional Fee Agreement (CFA) and we do not offer CFA-style “no win, no fee” arrangements. Instead, where appropriate, we may offer a reduced initial fee combined with an additional success fee payable only if the application is successful.

Success-fee arrangements are offered strictly on a case-by-case basis following an assessment of the complexity, risk, and overall work required. Where we agree to use a success-fee structure, we will provide a separate written Fee Agreement that explains:

- the work included within the reduced upfront fee,
- the circumstances in which the success fee becomes payable,
- what work and costs are not included in the success fee arrangement, and
- the disbursements (such as Home Office fees, IHS, medical reports, translations, and counsel’s fees) which remain payable by you in all cases.

A success fee does not guarantee success and does not remove the requirement for you to pay disbursements or other charges that fall outside the agreed scope of work.

Unless a success-fee agreement is expressly confirmed in writing, your case will be charged in accordance with our standard fixed-fee or hourly-rate structure.
